

Cyberbullying - a first-hand perspective

*Are we familiar with it and the measures we can take?
- a survey*

Social media - main platform for online bullying

How often students go on social media

”

“The use of social network sites such as Facebook, Twitter and Instagram for more than 2 hours a day may increase the incidence of cyberbullying across countries.”

Most used social media platforms

"Which sites do you go on the most?"

- *Do they make online bullying easier?*
- *What do social media companies do to tackle the problem?*
- *So how does it affect us?*
 - *Impact on self-esteem*
 - *Stalking and ignoring*
 - *The Imposter syndrome*

From our students' point of view:

▶ *Have you ever had any negative experiences on social media?*

▶ *Have you ever bullied somebody online?*

▶ *Are you aware of the measures you can take if you face cyberbullying?*

Threats

Leaking and exposing pictures/images

Forms of online abuse

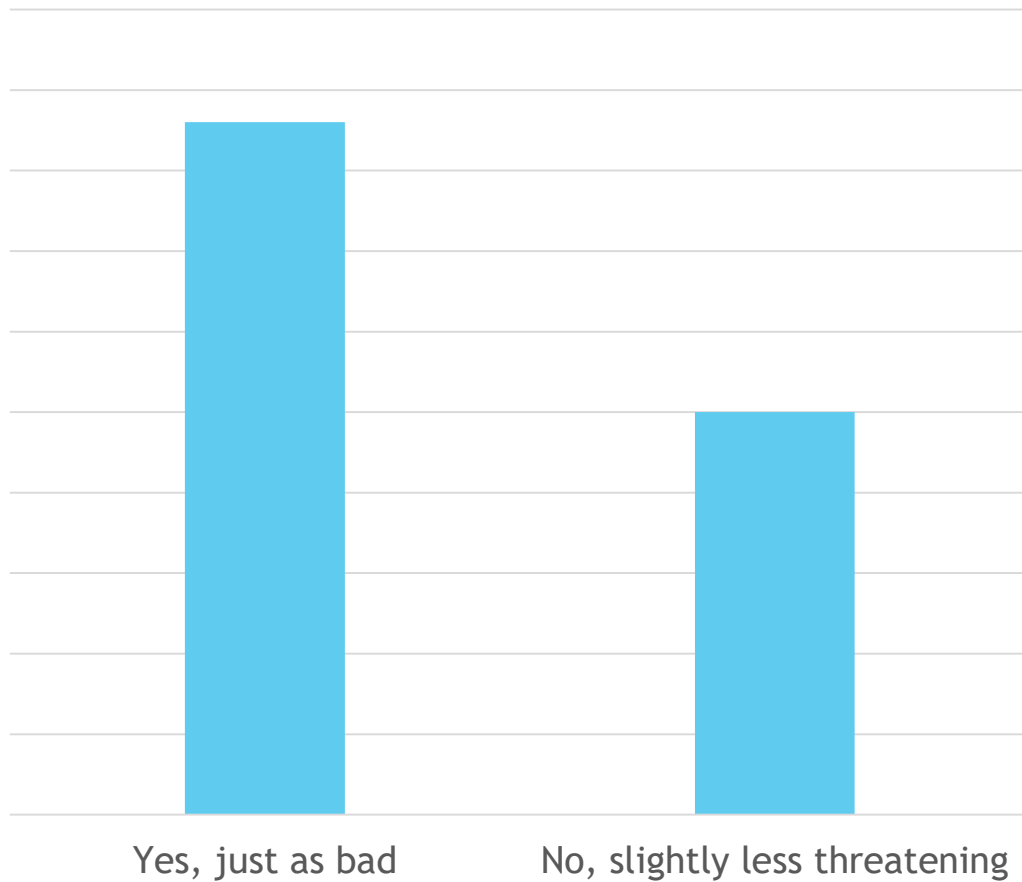

Blackmailing

Hate comments and messages

Creating fake accounts to bully anonymously

Online bullying - as worse as face-to-face abuse?

▶ *What our students say:*

What experts say:

- *How the Internet makes bullying easier*
- *Psychological consequences on the victims*

So what is the solution?

What our students suggested...

- ▶ *Block/ignore the bully!*
- ▶ *Consult a friend!*
- ▶ *Seek the help of a relative or a teacher!*
- ▶ *Don't hesitate to contact the police or other authorities if it gets out of hand!*
